Round Trip Flight To Coronation Success

Fliers Make Landing In Massachusetts,
Continue To Floyd Bennett Field
After Twenty Minutes

NEW YORK (UP)—Dick Merrill's transatlantic plane landed at Floyd Bennett Field this afternoon, completing a round trip flight to London, England.

QUINCY, Mass. (UP)—Henry T. (Dick) Merrill and his co-pilot, Jack Lambie, took off at 3 o'clock (EDT) this afternoon for New York on the last leg of their round-trip flight to England to bring back to the United States the first actual photographs of the coronation of King George VI.

The fliers had set their plane down at Squantum Naval Air Base twenty minutes earlier after having fought fog and intermittent rains over Newfoundland and New England.

BANGOR, Me. (UP)—A radio message picked up at Bangor Municipal Airport at 12:15 p. m., (EDT), today said that Dick Merrill's transatlantic plane was over Freeport, Me., and that "all is well."

Freeport is 70 miles southwest of Bangor.

NEW YORK (UP) Henry (Dick) Merrill and his co-pilot, Jack Lambie, roared down the Atlantic Coast toward New York today on their return flight from England with pictures of the coronation.

They weathered fog and intermittent rain over Newfoundland. Seven hours after taking off from Southampton, England, at 4:13 p. m. yesterday, they were approximately 900 (Turn to Page 3)

Peace Looms In Steel Strike

Settlement Reached
Subject To Vote
On May 20

PITTSBURGH (UP)—The Jones & Laughlin steel strike, first major walkout in the steel industry in 18 years, was settled today when the steel workers organizing committee agreed to a company proposal for a government supervised election.

Philip Murray, union field marshal in the two-day old strike, announced the settlement after a conference with J. & J. officials and federal and state mediators.

Horace E. Lewis, president of Jones & Laughlin said:

"The agreement is tentative pending an election on May 20.

NEW SETTLEMENT

CLEVELAND (UP)—A strike affecting 6300 employees of the vast Fisher Body Company, was settled today. The strike, which started as a sit-down, began yesterday morning in the shipping department and spread rapidly throughout the plant. Sitters-down excommunicated yesterday noon on union orders.

DRIVE ON FORD

DETROIT (UP)—A "Ford organizing committee" of eight members, sought recruits for the United Automobile Workers' Union among 140,000 Ford Motor Company employees today, and predicted that it wouldn't "take long" to compel the veteran manufacturer to recognize the union.

RUM TAX SALES LEAD LAST YEAR

SACRAMENTO—Sales of excise tax stamps during April indicate a continued gain in the consumption of distilled spirits as compared with 1936, the State Board of Equalization reported today.

Stamp sales amounted to \$617,777.24 last month, a gain of 20.67 per cent over April, 1936, but a decrease from the sales totaling \$706,740.24 reported for last March.

The April sales brought the total income to the state from the tax on hard liquor up to \$14,201,232.39, board records revealed. So far the stamp sales for the current fiscal year are 8.76 per cent ahead of those for the previous comparable period.

7th Grade "Marches On"

It may be true that "time and tide wait for no man" but it is equally true that time and tide had better keep in step or the seventh grade class at the grammar school will walk off and leave them.

This is by way of reporting that the 25 pupils of Miss Louisiana Schnell's class are "still going" toward an attendance record which now stands at 52 days of perfect attendance. No tardiness, no absences.

Fifty-two days is the equivalent of ten weeks and two days in the class room.

Bishop Porter Visits City

Annual Dinner Of
Parish Held On
Thursday Night

The annual parish dinner of the Church of Our Saviour was held on Thursday evening at the guild hall. Honored guest of the evening was the Right Rev. Noel Porter, bishop of the Episcopal diocese of Sacramento.

M. T. Kelly, senior warden of the parish, was toastmaster.

Bishop Porter spoke, expressing his pleasure at the growth shown by the parish during the past year, and conferring with the members of the vestry and the parish on plans for the future, in view of the planned departure of Rev. John Barrett.

Father Barrett leaves June 1 to accept an appointment as superintendent and rector of the Episcopal Indian Mission at Orleans, Trinity County.

Following the dinner it was announced that no permanent assignment to fill the vacancy will be made until September. During the summer the pulpit will be supplied by appointments.

Minor Fire Friday At Fruit Shed

Firemen were called Friday morning to the Placerville Fruit Growers' Association plant, where a number of boxes on the lug platform were found to be afire. Origin of the blaze was not determined.

Early discovery of the fire and prompt arrival of the department, resulted in the blaze being extinguished with little or no damage.

Mrs. Harriett Amstalden was hostess Wednesday of this week at a dessert bridge party, one of a series of chain parties being given by Shapewear club members. There were two tables at contract. Present were Mrs. Ethel Smith, Mrs. Sena Purcell, Mrs. Ethel Van Vleck, Mrs. John Tinney, Mrs. William Henderson, Mrs. George Faugsted, Mrs. Laura Albright and the hostess.

AWAITING THE PAGEANT—A radioed photo from London, showing a close-up of typical Britishers in gay mood, awaiting the coronation procession. They have come early, equipped with blankets and sandwiches and are prepared to see it through. One suspects this group is putting on a little special "high jinks" for the benefit of the picture, too.

YOUNG AMERICA HAZY ON CURRENT EVENTS

Results In Nation-Wide Tests Indicate
Confusion In Pupils' Minds On
National, International Doings

COLUMBUS, O. (UP)—Young America, adept at placing the latest slang in its vocabulary and mastering all new dance steps, isn't as proficient in the matter of keeping pace with national and international affairs.

Harrison M. Sayre, editor of an educational journal, reached that conclusion after he scanned the papers of 300,000 students in current event tests given recently in 303 cities in the United States.

Students from the seventh grade to high school seniors were given an examination that contained 100 questions on current topics.

A few of the high school students were unable to identify Franklin D. Roosevelt.

As to the Supreme Court and the central figures in the controversy with the President over judicial reform, many were in ignorance.

The tests showed the students placing the number of Supreme Court justices from 5 to 48. The Chief Justice of the body was named variously as Albert Einstein, Hermann Goering, Stanley Baldwin, William Lemke, J. Edgar Hoover and William E. Borah.

Goering provided the students with the greatest difficulty of any personality mentioned in the examination. Besides being identified as a Supreme Court justice, he was said to be Socialist Premier of France, Italy's foreign minister, the U. S. Ambassador to France, dictator of Russia and the winner of the Nobel Peace Prize.

Other "boners" included: "Romeo O'Neill"; Joseph Stalin is president of the American Federation of Labor; Alfred Landon recently was awarded a (Turn to Page 4)

OVERNIGHT CAMP AT TAHOE JUNE 19

The annual overnight camp of the county Farm Bureau will be held June 19 and 20 at the El Dorado County camp ground at Lake Tahoe.

Plans for the event were advanced Thursday night at the regular meeting of the Farm Bureau directors J. A. Irving, chairman, at the Farm Advisor's office.

The county Farm Bureau will supply hot coffee and a hot dish for the evening meal.

Other business included an announcement by Farm Advisor Ivan Lilley, calling attention to a home demonstration meeting to be held May 25 at a place yet to be determined; and an irrigation meeting to be held June 10 and 11 under the supervision of J. B. Brown, extension specialist in irrigation.

Souvenir Tickets
To Be Sold For
Pedestrian Day

SAN FRANCISCO—Souvenir tickets for Pedestrian Day on the Golden Gate Bridge, May 27 were placed on sale today at the Fiesta ticket headquarters in the Manx Hotel, according to announcement today by George H. Roos, of the executive committee.

The tickets sell for 25 cents each and the proceeds will be used to help finance the Fiesta, which is to be held from May 27 to June 2.

Each ticket carries with it a coupon for admission to the bridge on May 27, which will be reserved exclusively for pedestrians. No vehicles will be allowed on the span until the following day, May 28, when it is dedicated and opened to traffic.

The tickets are attractively adorned with a picture of the world's longest single span bridge in colors. On the reverse side is provided space for validating the ticket by James Reed, general manager of the Golden Gate Bridge and highway district, with this inscription: "This official Pedestrian Day souvenir ticket, when validated, certifies that the bearer walked on the Golden Gate Bridge on May 27, 1937, the day before the bridge was formally opened to traffic, and the only day reserved exclusively for pedestrians." It also states that the bridge links "San Francisco and the counties of the Redwood Empire to the north."

Slot Machines Confiscated

B. P. Awalt, arrested during the week at Cool on charges of operating four slot machines, was fined \$100 when found guilty before Justice of the Peace T. F. Lewis. The machines, according to Judge Lewis, were confiscated.

Coronation Photos In Today's Paper

Something new in El Dorado County newspaper history is the publication by The Republican today of several views of the recent coronation of King George VI, and Queen Elizabeth, at London.

The coronation took place May 12, and two days later, thanks to the marvels of radio and the air mail, we publish pictures of the ceremonies in Placerville.

All coronation photos in today's paper were transmitted by radio to New York City, and there prepared for newspaper publication and distributed by air mail to clients of the United Features Syndicate throughout the nation.

"Great Guy" To End Tonight

James Cagney Has
Mae Clark As
Co-Star

Few pictures shown on local screens recently have stirred up as much interest and enthusiasm as "Great Guy," James Cagney's first picture for Grand National, which will close at the Empire Theatre tonight partly for the reason that this is the first Cagney picture to come to the screen in several months, but more especially because it is a production that rivals the best he has done heretofore.

The story, itself, has a background that is something new to the screen, dealing as it does with the Weights & Measures Department of a large city and the operations of this little known department of public service in protecting consumers from the chiseling practices of unscrupulous merchants.

Based on the popular "Johnny Cave Stories" by James Edward Grant in the Saturday Evening Post, "Great Guy" is a modern melodrama of a most appealing type. As up-to-the-minute as tomorrow's newspaper headlines and as down-to-earth as the average romance of young America, it definitely exerts an appeal for all types of theatre-goers.

Mae Clarke appears opposite Cagney, thus bringing together again the players of "Public Enemy" and "Lady Killer."

BUGGY REVIVAL

NORWALK, O. (UP)—Old-timers smiled happily when a procession of three horse-drawn buggies moved through the streets. Then they discovered it was a stunt.

Record Crowd At Jubilee

Jumping Frog
Celebration To
Open Saturday

By JOHN ABBOTT

United Press Staff Correspondent
ANGELS CAMP (UP)—Socialites from the Hollywood film colony vied with roughly-lad miners for hotel accommodations today as jubilant innkeepers hung out the SRO sign for the international frog jumping championships. The largest crowd in the history of Calaveras County's premier sporting event will line the main street Saturday and Sunday to see their favorites perform.

From the film capital will come the pride of the Bing Crosby stables, "Double or Nothing," to match hops against Bob Burns' blue-ribbon entry, "Mountain Music," a native of the Arkansas creek bottoms.

These two barrel-chested favorites in the event inspired by Mark Twain's colorful account of the "Jumping Frog of Calaveras" worked out in private cisterns, while a crack list of pop-eyed performers wearing the San Francisco Bay silks pitched camp in San Andreas, 12 miles from the battleground.

Meanwhile, local residents recalled that the eastern slickers mentioned in Twain's story fleeced mountain residents by filling a prize amphibian with (Turn to Page 3)

Floods Menace Valley Crops

Tulare Lake Basin
Endangered By
Swollen Streams

FRESNO (UP)—Rising waters from the Kings, Kern, Tule and Kaweah Rivers threatened destruction today to the \$10,000,000 grain crop of the Tulare Lake basin district.

The crop was reported near ripe for harvesting and farmers were rushing harvesters and combines into the fields to start operations as rapidly as possible.

Unusually hot weather and clear skies, which were hastening the ripening of the crops, also were adding to the dangers of an inundation as the sun was melting the heavy snow pack in the high Sierra mountains, flooding the streams and filling the Tulare Lake basin for the first time in nearly 20 years.

The levee protecting the 23,000 acre Liberty Farm, broke but farmers succeeded in erecting a temporary barricade and the crops were saved; temporarily at least.

MEN'S CLUB AT CHURCH NAMES OFFICERS

Robert Ramsey was elected president of the men's club at the Federated Church at the regular election of officers held this week.

M. E. Wright was elected vice-president and Paul Ransom was chosen secretary.

The club was addressed by Father T. J. Hayes, who spoke on the history of labor and recent developments with regard to the relations between capital and labor.

Fishing In Closed Water Costly

During the week, two fishermen, Carmen Barrett and Edmund Moore, hauled before Justice of the Peace T. F. Lewis for fishing in closed waters, were fined \$25 each.

The men were arrested by Game Warden Al Sears and are said to have been fishing in the Blakeley reservoir—and without much luck.

miles from New York. If all goes well during the remainder of the flight, Merrill will set the twin-motored Lockheed Electra plane down on Floyd Bennett Airport at about 3:15 p. m. (EDT).

Progress of the plane was reported by the fliers in hourly broadcasts, most of them concluded with the words, "everything O. K." Shortly after 9 a. m., (EDT), they were reported over the West Coast of Newfoundland, flying in thick fog and occasional rain. The weather south of the island, however, was reported "fine."

At 10:05 a. m., Merrill messaged: "Just passed Cape Breton Island," which is southwest of Newfoundland across Cabot Strait.

BOULDER DAM HISTORY IN FILMS

The construction of Boulder Dam, one of the world's greatest engineering feats, is recorded in a four reel sound film made by the Bureau of Reclamation as an official record of this achievement.

The film opens with a view of the Black Canyon of the Colorado River as seen when the engineers first went on the job and follows through the construction of the 726 foot block of concrete step by step to its completion. A limited number of prints made from the official negative are available for loan to educational institutions, civic organizations, other groups and theaters.

The sound picture is available in both 35 and 16 m. m. film. A silent version of the picture is being prepared in 35 and 16 m. m. film and prints of it also will be made available soon for public distribution on request.

Don Goodrich came up Thursday evening from U. C. to spend the summer vacation.

KELSEY NOTES

The Alhambra mine group was a scene of great festivity on Sunday, May 2, when 80 or more subscribers to those mines in the Kelsey district visited them under the guidance of C. Halliburton of Coalinga.

The caravan was of people from Fresno, Bakersfield and from Orange County as well as many from Los Angeles. There were several mining engineers among them.

The Neighbor Circle of Kelsey has almost grown into a woman's club. The first project on the numerous good works in the offing is the general cleaning of the Kelsey cemetery. All citizens of the district interested in the cemetery are being called for Saturday, May 15, to perform the good work. The women will provide a most delectable lunch at the hall.

George Horstmeier and wife (nee Aileen Kelly) were guests recently at the Kelly home. George Horstmeier is the representative for the California National Bank which holds the contracts for the bankrupt Vogt Electric Shop.

Harry Noyes Pratt, director of the Crocker Art Gallery, and Mrs. Pratt, Miss Berriman, dean of women at the College of Pacific, and T. Pearson of Fresno, were recent callers at the Marshall museum and at the Kelly home.

Howard Miser and wife are now residents of Kelsey. Howard is working at the Hart mine.
